My family has been living in [REDACTED] 1979, first in a house on [REDACTED] then in one on [REDACTED]. Our experience with Blue Granite water has been horrendous. The service is terrible and we have enough questions about the quality of water coming through the system to have used bottled water for cooking and drinking for the last ten years. We seem to regularly receive boil water notices. Service and quality aside, the cost is beyond belief. It has gone up regularly. Past increases have not been minor, but this increase of about 50% boggles the mind. I was not able to attend the meeting in York but I strongly request that you do not reward them with this outrageous increase that is up for consideration now.

Thank you for your consideration on this matter.

Debra Scroggs
